

# STRAIGHT WIRE

## I-LINK

DIGITAL AUDIO INTERCONNECTS

**Silver Plated OFHC Copper Conductors**

for wider bandwidth

**Advanced Foam Polyethylene Insulation**

for increased sonic dynamics

**High Coverage Braid & Foil Shields**

minimize interference and distortions

**Coaxial 75 OHM Design**

**I-Link:** Economic true 75 OHM digital cable. Silver plated OFC stranded copper conductors with dual foil/braid shields provide better transmission than standard cables, without the distraction of annoying distortions. **RCA or BNC**

**LEVEL 2 - ENHANCED**

SIGNIFICANT ADVANCEMENT BEYOND STANDARD CABLES
