

USB-LINK

HIGH SPEED DIGITAL AUDIO CABLE

Straight Wire applies all of its knowledge from over 25 years of creating Audiophile cables to this NEW USB 2.0 digital interface. Utilizing Compressed Conductor Technology, a Straight Wire innovation, with a Silver Plated Data path creates a cable with unrivaled transmission accuracy while maintaining signal integrity. Gold Contacts ensure minimal corrosion. (Type A to Type B plugs)

This is the cable you will want to use for your Computer Audio system.
Available in 1.0, 1.5, 2.0 and 3.0 meter lengths
